CAREER OBJECTIVE

Aspiring Software Engineer with strong hands-on experience in developing mobile and web applications using modern technologies. Skilled in full-stack development, problem-solving, and building user-focused solutions. Passionate about learning new technologies and delivering high-quality software through real-world projects

PERSONAL PROJECT

Online Student Project Showcase

PurchifyShop – E-commerce Website

Built a responsive e-commerce platform using React, REST APIs, and Node.js with dynamic product management and optimized UI performance.

Key Output: Delivered a live production-ready platform with smooth navigation and improved user engagement.

Student Project Marketplace — MERN Stack (Full-Stack)

Built a MERN-based platform enabling students to buy and create projects; features include listings, search with filters, category tags, user profiles, and collaborative workflows. Outcome: increased visibility of student work and enhanced peer collaboration.

On-Demand Home Service Platform

Dorkar (Flutter) – Developed a cross-platform mobile application using Flutter for booking home services such as cleaning, plumbing, and electrical repairs. Integrated real-time booking, service tracking, and secure payment gateways.

Key Output: Delivered a seamless multi-device experience with faster booking processes and improved customer-service provider connectivity.

AI Agent Builder – Drag & Drop AI Tool

Developed a scalable drag-and-drop AI agent builder using React and Node.js, enabling users to design and deploy complex AI workflows through an intuitive visual interface.

EDUCATION

Bachelor of Science in Computer Science and Engineering

2021 - 2026

Bangladesh University of Business and Technology (BUBT)

- Major in Software Engineering.
- Thesis on "*Evaluating Machine Learning Models with Multiple Scaling Methods for Clinical Classification*".

Higher Secondary School Certificate

2019 - 2020

Bangla Bazar Fatema Khanam College – 1419

Current Status: Passed

ADDITIONAL INFORMATION

- **Technical Skills:** Flutter, Android (Java/Kotlin), React, Node.js/Express, Laravel, REST APIs, MongoDB/MySQL/PostgreSQL/Firebase, Git, Docker, AWS | UI/UX (Figma) | Linux & Windows.
